2023 Coding Cup Lower Section: Questions and Answers for the competition

The purpose of the Ice-break session:

1. Build a quick rapport with the participants

2. Inform them of presence of CSUB, CS department, Student Clubs

3. Encourage participants to grab information related to the above organizations in a fun way.

4. Show case what a Python program can do: https://replit.com/@PaulRoyer1/Quiz#main.py

5. 10 points in total will be reflected in calculating the score of each participant's work along with the actual coding competition submission.

Student Name:

Q1	Who was the first programmer? (2 pts)		
A1: A	A. Ada Lovelace	B. Beatrice Hicks	C. Bill Gates
Q2	Does CSUB have a master's program in Computer Science? (3 pts)		
A2: A	A. Yes	B. No	
Q3	When was CSU Bakersfield established? (2 pts)		
A3: A	A. In 1968	B. In 1988	C. In 2009
Q4	When were the Engineering programs founded at CSUB? (2 pts)		
A4: A	A. In 1992	B. In 2012	C. In 2022
Q5	Are the Engineering Sciences, Electrical Engineering and Computer Sciences programs at CSUB, ABET accredited? (4 pts)		
A5: A	A. Yes	B. No	
Q6	Linux runs all the World's largest super-computers. (3 pts)		
A6: A	A. True	B. False	
Q7	If your program you just finished coding runs, your coding work is done. (4 pts)		
A7: B	A. True	B. False	
Q8	What is NOT a name of a computer microprocessor? (4 pts)		
A8: A	A. Potato Chip	B. AMD Ryzen	C. Intel Core i5
Q9	What is NOT Society of Women Engineers core values? (4 pts)		
A9: C	A. Inclusive Environment	B. Trust	C. Fierce Competition
Q10	What phrase does the computing acronym GIGO stand for in Computer Science? (5 pts)		
A10: B	A. Get in, Get out	B. Garbage in, Garbage out	C. Ghost in, Ghost out
